[30th March 1959

(iv) If the reservoir surpluses when temporary storage impounded at the request of the Executive Engineer, Tirunelveli division, is held in the reservoir under rules 2 (ii) or 3 (i) such surplus will be counted as temporary storage withdrawn for irrigation.

4. The Executive Engineer, Public Works Department, Tirunelveli division, and the Divisional Electrical Engineer, Papanasam, will closely co-operate in order that the flows in the river may be regulated without any avoidable surplus at Srivaikuntam or wastage elsewhere.

5. These rules are tentative and will be reviewed in April 1959 or earlier if so desired by the Chief Engineers (Irrigation) and (Electricity). The two Chief Engineers shall also have power to deviate from these rules if necessary by mutual agreement.

Appendix II.

[Vide answer to starred question No. 1065 asked by Sri K. Sattanatha Karayalar at the meeting of the Legislative Assembly held on 30th March 1959, page 837 supra.]

I

[Vide clause (*a*) of the Legislative Assembly Question.]
